The Penton Owners Group is a not-for-profit (501-C4) corporation in the state of Ohio and a chartered AMA chartered club Our Fed. Tax ID is #34-1860635

Penton Owners Group was formed to preserve and share the memories and the motorcycles of the Penton Motorcycle Brand that occupied a very special time in motorcycle history, as well as motorcycles branded KTM during a period of transition in the history of the marque. Specifically, from the sale of the first Penton motorcycle in 1968 to the sale of the last Penton motorcycle in 1977, and throughout a period of transition when similar motorcycles were branded KTM from 1978 through 1988. The Penton Marque and its influence helped shape a new industry, the American motorcycle sport and a new generation of off-road enthusiasts. This corporation shall also seek to achieve the status of a "true classic" for the Penton and early KTM marques so that the enthusiasm and understanding of Penton motorcycles and their impact on the motorcycle industry will be preserved indefinitely. To that end, the Corporation shall seek to become the definitive source for the history of, and information about the Penton motorcycle, its developers, and those who ride and restore them for anyone interested in the Penton Marque.

Members of our group are people who have an interest in Penton motorcycles both past and present. Many members will have memories from the very earliest "Penton days" and some may simply be interested in hearing about these times or have an interest in the Penton motorcycles of today. All are welcome and encouraged to participate. Our aim is to make the Penton Owners Group a source of information about the history of the Penton motorcycle, the Penton Company, and it's many dealers, riders and extended family. The mission of the Penton Owners Group is to enjoy and share the memories from the past and the events of the future, as Penton motorcycle enthusiasts.
